The Google Promotion Award Team has discovered a huge number of double claims due to winners informing close friends relatives and third parties about their winning and also sharing their pin numbers. As a result of this, these friends try to claim their winnings on behalf of the real winners. The Google Promotion Award Team has reached a decision from headquarters that any double claim discovered by the Lottery Board will result to the cancelling of that particular winning, making a loss for both the double claimer and the real winner, as it is taken that the real winner was the informer to the double claimer about the lottery. So you are hereby strongly advised once more to keep your winnings strictly confidential until you claim your prize.

Congratulations from the Staffs & Members of Google Board Commission and we wish you continued good fortunes.

Sincerely,

APPROVED
